Jack Marlar, Field Representative for SCV International, addressed the Sons of Confederate Veterans, 16th Regiment, Camp 36, during their monthly meeting Thursday, November 19th. His topic: “War Was Caused by Slavery?///No!” Using original source historical material, Marlar made a strong case for the true basis for the War Between the States that resulted in the invasion and occupation of South Carolina and other Southern states and unspeakable atrocities against the civilian population and their property.
